## 📁 PROFESSIONAL EXPERIENCE

### Talent Acquisition Executive

*Techcushy Software Solution Pvt Ltd*

Aug 2022 – Sep 2023  
Bangalore, India

Key Responsibilities:

- Oversee all hiring activities, including sourcing, screening, and thoroughly evaluating applicants to meet client requirements.
- Produce reports with graphs, charts, and statistics for use by HR and other departments.
- Assist new employees as they join the company, explaining policies, outlining duties, planning start dates, and completing necessary paperwork with relevant signatures.
- Maintain an Excel spreadsheet tracking scheduled interviews, qualifying candidates, pending joiners, and candidate statuses.
- Build a talent pipeline by sourcing candidates from job boards such as LinkedIn, Monster, Naukri, Indeed, and others, as well as through cold calls.
- Assist with reference checks, background checks, skill evaluations, and application testing, ensuring new hires are greeted and enrolled efficiently.
- Provide information to employees and managers on a wide range of work-related issues.

Gwalior, India

## COURSES

---

### Data Science

AnalytixLabs

Oct 2023 – present

Noida, India

- Advance Excel
- SQL
- Power BI
- Python
- Machine Language
- Artificial Intelligence

## PROJECTS

---

### Restaurant Orders

*A quarter's worth of orders from a fictitious international cuisine restaurant*

- What were the least and most ordered items? What categories were they in?
- What do the highest-spending orders look like? Which items did they buy, and how much did they spend?
- Were there certain times that had more or less orders?
- Which cuisines should we focus on developing more menu items for based on the data?

### Global Electronics Retailer

*Transactional data for a fictitious global electronics retailer.*

- types of products does the company sell, and where are customers located?
- any seasonal patterns or trends for order volume or revenue?
- the average delivery time in days? Has that changed over time?
- Is there a difference in average order value (AOV) for online vs. in-store sales?

### Loan Report

- Loan Portfolio Overview
- Performance Metrics
- Borrower Analysis
- Trend Analysis
- Interactive Dashboards

### Ecom Report

- Price varies by brand/category/time/channel
- traffic varied by day/time/channel
- high level metrics like revenue, potential revenue, products, categories, etc., by month, time, state, and channel
- Activity by Brand or category, brand preference, Brand activity by various parameters
- How are pricing fluctuations effecting sales.

### Airline Loyalty Program

*Customer loyalty program enrollment data from a fictitious airline in Canada*

- How did the campaign affect loyalty program memberships (gross and net)?
- Was the campaign adoption more successful among certain demographics of loyalty members?

- What impact did the campaign have on booked flights during the summer?

### Coffee Shop Sales

*Transaction records from a fictitious coffee shop in New York City*

- How have Maven Roasters sales trended over time?
- Which days of the week tend to be busiest, and why do you think that's the case?
- Which products are sold most and least often? Which drive the most revenue for the business?
